24 January 2025

Dear Parents/Carers,

I previously wrote to you to remind you that Y9 are about to start the options process. On Tuesday 4th February, students will have an important assembly explaining to them everything they need to know about the options process, please ensure your child is on time to school so they do not miss this essential assembly.

We are also running options evening on Wednesday 5th February. I would strongly recommend that a parent/carer for each student attends this evening as it will help the students inform choices that will affect their futures. It will run from 5.30-7.30PM. There will be two presentations, the first at 5.30PM and the second at 6.15PM. These talks will be the same so there is no need to attend both.

Please sign up to your preferred time via this link:

<https://forms.office.com/e/NqmWWyyaNg>

Please sign up to a presentation by 31st January at the latest. The presentation will explain about the KS4 curriculum including an introduction to the core curriculum from the Faculty Leaders of English, Maths and Science as well information about the different pathways the students will be placed on and some top tips for selecting options.

Each options subject will also have a stall in the sports hall between 5.30-7.30. You can choose to visit these stalls at any point during the evening.

Kind regards,

Sonja Unwin

Senior Vice Principal
